

AIR RITE
COMPLETE

HIGH QUALITY SERVICE

-- is the result of years of engineering "know how" and experience as well as an honest desire to satisfy. Up-to-date testing equipment, modern service trucks with complete stocks of service parts and other modern facilities at our servicemen's disposal make it possible to render -- One Call Service.

One Call Anytime!

Industrial, Residential, Commercial

Call: (216) 228-8200

For Heating

We service just about all things that heat - Furnaces, hot water & steam boilers, mini-split systems and rooftop units for commercial buildings. We also install top-quality accessories, including: WiF i thermostats, zoning, humidifiers, air cleaners & UV systems.

For Cooling

And, of course, our AIR CONDITIONING SERVICE Department offers the same speed and thorough service for all your cooling needs.

Other Things We Offer At:
airrite-supply.com

HEATING AND AIR CONDITIONING SERVICE

During the past few years, we have had the privilege of helping you and thousands of others. Our service takes many forms - emergency service calls for your furnace, boiler or air-conditioner; pre-winter furnace checks and pre-summer air conditioner checks, or phone advice. Please continue to call us anytime for answers to your heating or air conditioning questions.

Now is the time to have your furnace or boiler cleaned and checked, and take advantage of our off-season Summer Service Special!

The purpose of this check-up is to find and correct conditions that could cause you serious trouble next winter - gas leaks, poor combustion, defective safety controls, leaky flues, loose wires, etc.

Would you start out on a 2-week vacation without having your car checked? Don't start your heating system on a six-month winter schedule without first making sure it is going to be safe, reliable and efficient.

This annual service is recommended by your gas company as well as by the manufacturer of your furnace or boiler.

It takes competent service techs to do this job properly. That's why we have enclosed the letters to us from leading authorities in the heating industry. Incidentally, you might have originally had your unit serviced by us as a result of having called one of these concerns.

Your Summer Service Special is only \$97.95. You will likely save this amount on next winter's fuel bills because normal efficiency will be restored.

This checkup is more important today than it was over 50 years ago when my father first wrote you this letter. Today's furnaces and boilers are much more sophisticated and energy costs are much higher. So please, take a few moments of your time to call (216) 228-8200 now for your appointment to make sure of carefree heating this winter, or use the enclosed postage free card.

Very Truly Yours,

David Harris
AIR RITE SERVICE, INC.

We're PROUD of our REPUTATION!

Here are some testimonials recently submitted on our website, www.airrite-service.com

(5/31/18) Paul-

Just a short note to let you know how pleased we are as your customers due to the high level of work that Ron puts into his service calls. This is the reason why we ask for him to do the summer and fall HVAC checkups.

He doesn't take shortcuts with the maintenance steps. The fact that we do not find it necessary to call for emergency services during the seasons is testimony to Ron's abilities to prevent breakdowns if at all possible.

It is good to know that your company and technicians take pride in the quality of your services to your customers.

Sincerely, E.G., Fairview Park

(5/17/17) Eric-

I might not leave my house until fall - love the a/c. You were a delight to work with, and I talked you & Air-Rite up in line at the deli just this afternoon. You can be sure I will be recommending you & your company. Now I'm going to go write a lovely recommendation on Angie's List.

Diane S., Rocky River

(8/13/16) Dave-

I love your company. I love your service techs and I love how quickly they respond..... I'm not sure if I've ever dealt with a better service company in any industry ever!.

Terry C., Rocky River

(3/13/16) Dear Sir-

This past week I have had the pleasure of using the services of Eric as he changed the boiler at my house. From his first diagnosis, the ordering of a new boiler, the installation and the cleanup, Eric was on top of the job all the way. He was knowledgeable, courteous, and capable. I had to leave my house several times when he was here and I felt very comfortable doing so.

Eric had his helper, Tim. It was obvious that Tim was learning much from Eric and seemed to be a willing and able helper.

You should be proud to have such good representatives for your company.

Sincerely, Marty M., Bay Village

(9/2/15) Dear Mr. Harris,

In a day that the trades have forgotten customer service, Air Rite seems to be the exception. From the initial call answered at your shop to the work performed by Kyle the technician, Air Rite performed. Kyle explained in detail what needed to be fixed and showed us the parts to make sure we understood. I will recommend Air Rite to family and friends seeing that your company under promises and over delivers at a fair and reasonable price point. Keep up the good work!

Sincerely,
M. Wright, Rocky River
